

## Language

Urdu,  
Telugu,  
Hindi,  
English.

## Skills

·PYTHON  
·MySQL  
·HTML, CSS, JAVASCRIPT  
·Full-Stack Development

## ACHIEVEMENTS

- 1.Represented the school basketball and table tennis team.
- 2.Appointed as the project leader for the B. tech final year project.
- 3.Coordinated events in college fest.

## STRENGTHS

- 1.Fast learner
- 2.Can handle stress and complete tasks within time
- 3.Independent
- 4.Workaholic

## AREA OF INTEREST

- 1.Web development
- 2.Software engineering and development
- 3.Programming
- 4.Data Science

## Education

- 2018 - 2022  
Bapatla Engineering College  
**B. tech in Electrical and Communication Engineering**  
Completed B. tech with a 7.51 CGPA.
- 2015 - 2017  
Kendriya Vidyalaya, bapatla  
**Class 12(+2)**  
Completed class 12 with 75.8%.
- 2015  
Kendriya Vidyalaya, bapatla  
**Class 10**  
Completed class 10 with an 8.4 CGPA.

## Projects

- June 2019-July 2019  
**SRC-e Solutions**  
**Mini Project**  
Did a mini project on vehicle automation sensors.
- May 2021-Nov 2021  
**B. tech mini project**  
**FUEL FRAUD DETECTION**  
Completed the project as a project leader.  
An IoT based project where me and my team used different sensors to detect the amount of fuel dispensing into the vehicle.
- Dec 2021 - May 2022  
**B. tech final project**  
**RFID BASED FUEL DISPENSING SYSTEM**  
Completed the project as a project leader.  
An IoT based project where a RFID is used by the customer at the gas station to dispense petrol.

## Courses

- **Introduction to Cybersecurity tools and Cyberattacks.**  
**IBM** - Dec 2020-Feb 2021  
Completed this course with 97.13 percent.
- **Graduate Rotational Internship Program**  
**The Sparks Foundation** - June 2021 - July 2021  
Did a project on color identification in an image using python.
- **The Complete Python Bootcamp**  
**Udemy** - 2022  
Learnt the basics of python.
- **2023-24 Web Development Bootcamp**  
**Udemy** - 2023 - 2024  
Learnt the basic technologies required for web development.  
I am pretty good with HTML, CSS, and JavaScript and currently I am working on building my skills on-

FRONTEND  
ReactJs.

BACKEND  
ExpressJs with NodeJs and EJS.

DATABASE  
MySQL and PostgreSQL.

- **API**  
In addition, I have basic knowledge on building APIs using REST.
